To whom it may concern,

Ovando Carter, London Parkour Project

Ovando Carter, London Parkour Project, first came to our school in 2017 to demonstrate parkour to our year 6 cohort. Following this successful taster session which the children really enjoyed, we commissioned Ovando to run PE sessions for this year group for the remainder of the school year. The sessions proved very popular with the Year 6 children and as a result, Ovando continued to run these weekly PE sessions until 2020. As part of these sessions' children were assessed and presented with a certificate at the end of the academic year.

In addition, he also ran a very successful after school club for a number of years which was open to our Years 4, 5 and 6 children. This after school club was also very popular with the children and well attended.

Ovando and his team worked well with the children at our school, they built positive relationships with the children and staff alike, encouraged and helped build the children's confidence and were always reliable in service delivery. Ovando was always very prompt to respond to correspondence and keen to promote good working relationships.

Yours sincerely

Jennifer Handovsky
Pastoral Manager and Clubs Co-ordinator
